ADMISSION IS ON-GOING IN THE SCHOOL FOR 2021/2022 ACADEMIC SESSION PICK YOUR APPLICATION FORM FORM AT THE SCHOOL'S

Dear Parents, Pupils/Students

With gratitude to the almighty God the second term has successfully come to a close. We praise God for His protection and grace despite the challenges of Covid-19 pandemic. We acknowledge and appreciate the immense cooperation and support you have rendered throughout the period. The successes recorded would not have been possible without you. The holiday coincides with the Easter break and the beginning of the Muslim Ramadan. These important religious rites are full of lessons and teaching worthy of note and emulation, please enjoy the period but more importantly, **Don't forget to seize the opportunity to renew your spirituality.** May I also take opportunity of this medium to note that the term was full of exiting and memorable events regarding academics and other activities. Notably, among them are that Creative Brains Academy had 100% in JSS3 result released, also our school was fully accredited for SSCE (WAEC and NECO) while the accreditation for Cambridge examination is being processed. During the period, the curriculum and scheme were repackaged for improved performance. The teaching and delivery methods were also redesigned and repackaged. E-learning, taking advantage of technology was introduced to enhance visuals, understanding and retention. The school entrepreneurship development skill has been improved to include water processing, Rabbitry, snail farming, hatchery for fish, poultry in addition to the existing skill learning such as Fashion design, confectionary amongst others.

It is important at this point to comment on some critical issues that have impacted or might impact on students' performance. We have overwhelming evidence that the unfortunate school lock down during the start of Covid-19 affected the capacity of majority of the students to adjust back to school and learning mode, some became nonchalant, lazy, aggressive and sometimes with negative attitudes which are detrimental to learning. The consequence is poor learning culture, for example students resulting to cramming instead of understanding, cheating, waiting for help that may never come, etc. To avoid this unwanted consequence, we urge parents to pay more attention to their wards activities during the holiday. We will continue to do our part but also require your help to achieve the mutual goal and uncommon result.

We wish to remind you CBA community that, Covid-19 and other variants are still around, kindly remind your loved ones to remain covid-19 protocol compliant. Talk to your jewels about virus and germs, personal hygiene and hand care, respiratory hygiene etc. Please we wish to remind you that extra lessons are being organized for exam classes, take advantage. Those not included in the extension classes should take the holiday assignment with utmost seriousness.

The school bulletin will soon be published, enjoy your reading delight

Wishing you all a blissful and joyful holiday

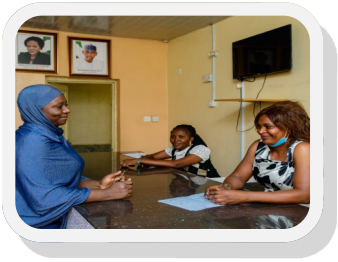

Idayat B Zubair (Mrs)

The Chairman/Founder

Head Teacher's Corner

I am excited to lead the team of self-motivated, passionate and dedicated staff. These crop of staff have been wonderful in managing the post Covid-19 era by working hard to cover lost grounds, ensuring positive conversations with your wards to help them smoothly transit from lock down to school as well as building partnership with you to ensure that we remain focused on learning and character. My team and I have been relentlessly brain storming on the way forward on how to achieve excellence during this new normal, accepting the realities of Covid-19 and the new approaches to learning. Our career development and research efforts have yielded useful results and impacting on the quality teaching and learning. We at CBA have embraced technology. E-learning is being adopted and gradually reducing emphasis on traditional notes on board, still allowing students copy notes directly from projected screen. This approach has been effective in showing pictures, demonstrate practical thereby making lessons captivating, gaining their attention and enhancing participation.

I look forward to welcoming back our pupils/students to a more productive and rewarding term. I also solicit the continued support and cooperation of our valued parents/ Guardians

I am yours in service

Oluwatobi A. A

Head Teacher

CBA

INFRASTRUCTURE DEVELOPMENT

Notwithstanding the challenges of Covid-19 and its attended consequences, CBA is poised to improving on the quality of infrastructure and quality of the general environment. Consequently, three additional laboratories have been added to existing facilities; Audio visual lab, Art Lab, Agric Lab. These will also compliment the existing Labs such as Physics, chemistry, Biology, home Economics, and Entrepreneurship Labs. Check out our Geographical Garden any time you visit

We are also pleased to also announce the near completion of our new three stories Hostel accommodation

Geography Garden

OPEN DAY/ PTF

This term's Open day which held 2020/2021 academic session was really interactive and encouraging. The event was graced by an impressive number of parents. The occasion was not only interactive but informative and knowledge sharing. We urge and encourage more participation as it provides opportunity for parents /Guardian to peruse their children's work and have one-on-one interface with teachers and school administrators.

Let us improve the discussion and communication.

Dialogue is Good , keep the conversation going, we are one family ,one community all the time

SCHOOL BUS SHUTTLE SERVICE

In our quest to serve you better, the school management acquired two new shuttle buses to add to the fleet.

Each bus driver has an assistant whose responsibility is to ensure orderliness and care while in transit. Should you have complain with the driving of any of the Buses please call numbers written on them OR call school Admin.

In view of the rising cost of maintenance, lubricant and fuel, we may be forced to review charges for shuttle service to reflect market realities. Changes would be communicated as when appropriate.

Cross section of our school bus

ENTREPRENEURSHIP/SKILLS ACQUISTION

We are in an era of entrepreneurship and its becoming driver of revolution that is transforming economies by providing employment.. In this regard, we are committed to skills learning. We wish to remind our parents making enquiries on our cherished entrepreneurship program that we suspended the program due to Covid –19 protocols. The good news however, is that we will resume the activities in new term, in phases pending when the protocols are further relaxed.

SPORTING ACTIVITIES

Sporting activities were suspended inline with the existing Covid-19 protocols but hopeful we will review the situation and probably reintroduce sports next term starting with the none contact sports

FUTURE PROGRAMS

Creative Brains Limited a subsidiary of Creative Brains Academy will soon commence its 'A' level, IJMB ,Cambridge, ICAN and ANAN programs. Update Coming very soon!!

SECURITY CONSCIOUSNESS

It is no longer news that Nigeria is prone to numerous activities that endanger lives of the entire populace. Schools are not left out on assaults. To this end, CBA beefed up its security architecture. As of present we engaged Peace Corps to support our internal security men (day & Night) while the Vigilantes and Armed Police men patrol at night. Security is the responsibility of all and sundry, we are in it together, lets keep the partnership alive. Please be reminded that the policy on picking your wards remain the same. Only authorized persons on our record would be giving access . Pupils/students using School Bus shall be delivered to the registered address and known persons in our in our records.
